PROJECTS STAFF

1. Contributions

- a. Wrote an article on Reports Management for the May issue of the Support Bulletin
- b. Developed and conducted a three hour seminar on installing the Agency subject numeric filing system.

2. Assignments Active

- a. Requisition Review - Reviewed 13 requisitions for filing equipment and filing supplies, with [] Where necessary, contacted Area Records Officers for further information. One requisition was for two Diebold Super Elevator files (capacity 400,000 3x5 cards) costing \$6,729 each. Talked with [] DD/P/FI [] to ascertain if personnel requirements would be changed upon installation of elevator files. No change was indicated but it is anticipated that overtime could be eliminated. [] was contacted but was unable to contribute any information other than that contained in memo to Chief Management Staff, justifying need ^{for} elevator files. 25X1

- b. ✓ Contacted [] ARO/OL at her request concerning a test of shelf filing to house voucher files. In process of preparing a floor plan centralizing about 28-5 dr filing cabinets. One unit of shelving will be installed in the centralized filing area. 25X1

In process of refining floor plan for shelf filing for OS. In a meeting, was informed of a minor regrouping of personnel which affects plan for shelf filing equipment.

- ✓ Bids for BR shelving and related equipment due to be opened on 2 May. [] will be contacted by SD/OL prior to award of contract. 25X1

- ✓ IR has requisitioned one unit of Borroughs steel shelving to test the plan proposed to them.

- c. Returned Portable Desk Tray submitted by Acme Visible to [] with our comments to the effect that it was unsuitable because the tray: 25X1

- (1) scratched desks
- (2) was hard to close
- (3) was not hinged properly
- (4) was not designed to permit usage of the top as an "in or out tray"

On this subject, talked with representatives of the Diebold Corp. They are interested in making a tray and will attempt to submit an engineering drawing of their concept of a portable desk.

- d. Installation of the Agency filing system in Guided Missiles and Fundamental Sciences Divisions of OSI continues. Due to a question as to the retention period and the official record copy for GMD files it has been requested by [redacted] that we immediately review the files in the Geophysics Branch of GMD. This review will start today.

25X1

- e. Microfilming of Vital Materials in Logistics Office was completed this week. Filming in ORR is 75% complete and 10% complete in OSI.
